Supervisor Hilda Soliz

Dear Supervisor Hilda Soliz:

The Lincoln Heights Neighborhood Council looks forward to Los Angeles becoming a major biotech hub. We are especially interested in the possibility of using county-owned land on the Los Angeles County/USC Medical Center which borders our community for this purpose. We understand that this area could start the creation of a medical tech incubator and innovation center. This could be a great opportunity for our residents in Lincoln Heights.

We understand that two county-owned parcels are under discussion for use as a part of the biotech hub. We urge you to negotiate with USC to arrange for the transfer of these parcels with assurances to the community that benefits will be shared with our residents. We would be disappointed to see biotech opportunities go to San Francisco, San Diego and other places for lack of the vision to create the hub here.

Sincerely,

Cesar Rosas, President
Lincoln Heights Neighborhood Council

Councilmember Gilbert Cedillo
200 N. Spring Street Room 460
Los Angeles, CA 90012

Dear Councilmember Cedillo:

The Lincoln Heights Neighborhood Council is asking for your attention in addressing our community's concerns regarding Fire Station 1 2230 Pasadena Ave. LA 90031. There are 3 safety concerns that we would like Councilman Cedillo to address and solve.

First, there are no painted markings on the street such as “Do Not Block” or “Keep Clear” outside of Fire Station 1 on Pasadena Ave. In addition, there is no signal light warning that a fire engine is exiting. Stake holders and board members have shared that at the height of traffic, the fire engines have often been blocked from exiting the fire station. Firemen are forced to walk into traffic to block traffic when they need to enter and exit the station. Because of this, response times are longer and lives might be at risk. See pictures of ours and others in the area, below.

Second, we are asking that there be a permanent captain assigned to Fire Station 1. The firemen I spoke with have shared that they have been without a permanent captain for nearly a year. They stated that it is challenging to work with different temporary captains because as a team they need consistent leadership.

Third, during the economic downturn, Fire Station 1 lost an engine. As of January 27, 2017 they have not had their Engine 1 returned. This means 3 Captains, 3 Engineers, and 6 fire fighters have been displaced and still not returned to Fire Station 1. The community of Lincoln Heights deserves to have all assigned fire engines and staff returned. We currently only have Light Force 1: 1 Truck, 1 200 Series Engine, 1 Paramedic Rescue, and 1 EMT 800 ambulance. There are large housing developments near the Gold Line on Ave. 26 that increased the population Fire Station 1 services. According to the LA Times Mapping LA section, there are nearly 30,000 residents in a 2.5 mile radius. We also have the most gangs in any one area in the city, often causing increased medical rescue responses for victims of crimes. Lincoln Heights deserves to have a fully staffed and fully equipped fire department for our densely populated area. We just had another shooting on Ave. 28 on January 28, 2017.

We respectfully ask that you follow through with these requests and present a plan to the Lincoln Heights NC as soon as you have an update.

Sincerely,

Cesar Rosas, President
Lincoln Heights Neighborhood Council

Honorable City Council c/o
Office of the City Clerk
Los Angeles City Hall
200 North Spring Street, Room 395
Los Angeles, CA 90012

The Lincoln Heights Neighborhood Council requests that the following Community Impact Statement be attached/added to Council File 16-1320 regarding LA as a Sanctuary City.

COMMUNITY IMPACT STATEMENT

The Lincoln Heights Neighborhood Council favours the proposal because:

Members of our community have been adversely affected by the presence of ICE (Immigrations and Customs Enforcement) officers in our neighborhoods, as highlighted by the February 28th detention of a local father, Romulo Avelica-Gonzalez, as he was taking his children to school *in Lincoln Heights*. We believe that our city's leaders need to be proactive and forward-thinking in advocating for policies that support and ensure the safety of all community members, regardless of immigration status.

LHNC appreciates that the City Council has made an effort to directly address issues pertaining to our immigrant communities by creating an Ad Hoc Committee on Immigrant Affairs and that our own Councilmembers, Gil Cedillo and Jose Huizar have participated in supporting immigrant communities through their involvement with this committee. As such, we would like to provide recommendations for actions that the council and city leaders can take to protect our immigrant communities' human rights, and in turn, protect our families, children, and the fabric of our communities.

1. Declare Los Angeles a sanctuary city. Following the example of Santa Ana, CA, officially declaring Los Angeles to be a sanctuary city would send a clear message that would reverberate through California and beyond that this city welcomes and believes adamantly in the safety and human rights of all inhabitants, regardless of immigration status.
2. Develop an ordinance to assure that Mayor Garcetti's Executive Directive 20 is properly enforced. While the directive does symbolize progress, it is not an ordinance, and therefore leaves room for rogue individuals to ignore the directive and act in their own interest.
3. Address vulnerabilities in Mayor Garcetti's Executive Directive 20. The confidentiality measures included may still allow for the transmission of information from law enforcement to federal immigration authorities. Additionally, the directive does not address prisoner transfer between law enforcement to

immigration authorities, which could result in collateral arrest of undocumented residents who are not suspected of or involved in serious crimes.

4. Ensure that undocumented immigrants facing deportation remain entitled to legal representation and due process of the law, without exception. To assure that immigrants facing deportation have access to legal counsel is to assure that the human rights and 4th amendment rights of these individuals and their families are honored and upheld. An example of success elsewhere in this arena can be found in the New York City council's "New York Immigrant Family Unit Program," in which not only did the number of deportations decrease, but also the amount of money spent detaining and deporting immigrants was reduced by upholding immigrants' right to due process and allowing them access to legal counsel. Keeping families together means that our communities remain strong and our kids continue to have the support they need in their formative years. Assurance should also be provided that those individuals who are detained receive fair and humane treatment including medical care, visitation rights, and nutritious food.

5. Ensure that people of color are not subject to increased policing or profiling. Measures must be taken to ensure that people of color are not subject to increased policing or profiling. Although LAPD Special Order 40 has been in effect since 1979, city leaders must assure that law enforcement does not choose to act in a way that is discriminatory.

It is our hope that the council will consider these recommendations. We must take every step possible to ensure the safety and well-being of all of the individuals in our community, regardless of immigration status.

This Community Impact Statement is based on the action taken at the regularly scheduled Board of Directors meeting on April 20, 2017, when the Lincoln Heights Neighborhood Council adopted the following motion by a vote of ___ yes, ___ no, ___ abstaining and directed that a Community Impact Statement be filed reflecting its position.

Motion: "The Lincoln Heights Neighborhood Council urges the Department of Neighborhood Empowerment to not adopt the *Motion relative to online voting and Improve Experience for Neighborhood Councils*.

Sincerely,

Cesar Rosas, President
Lincoln Heights Neighborhood Council
