1. All Resolutions are to be prepared by the CLA's office utilizing a specified standard language and format (template attached). Resolutions not prepared by the CLA's office will not be accepted / processed.
2. Each Council office must provide a list to the CLA for inclusion in their Resolution of locations, by address or other identifying method, and specify for each location the category of the prohibition; e.g. American Disabilities Act, driveway, loading dock, building entrance / exit, fire hydrant, City-permit-issued activity; street/public right-of-way for use by motor vehicles, bike lane, bike path; 'sensitive use' (school, day care center, public park, library); designated overpass, underpass, freeway ramp, tunnel, bridge, pedestrian bridge, subway, wash, spreading ground, or active railway; or, designated shelter facility.
3. For locations covered by Subsection (c) 4. i, ii, or iii of §41.18, each Council office must post to the Council File, specific documentation of the threat to public health or safety, as further specified in the Subsection. If such documentation has not been posted, the Resolution would not be ready for adoption.
4. All introduced §41.18 Resolutions will be scheduled directly for Council adoption no later than 30 days after introduction. Members may request that their Resolution(s) which are scheduled on a Council Agenda, be continued to a later date for Council adoption if the matter is not yet ready for action.

Very truly yours,
