Dear Lincoln Heights Neighborhood Council,

I am writing to express my support for Mr. Licon's work and proposal for a Neighborhood Purposes Grant. The proposal for technology will support our students' ability to film and photograph their research. Lincoln High School's VISION Statement is "to empower students to become articulate, thoughtful and creative problem solvers and active contributors in their communities." I believe Mr. Licon's work with his students in Ethnic Studies classes supports our school's VISION by encouraging them to research and raise awareness about important issues. Our students would benefit from the action cameras, drone cameras, and editing computers listed in the \$5000 NPG proposal.

Please do not hesitate to contact me should you have any questions.

Sincerely,

Rose Anne Ruiz
Principal
